with emphasis on global material and social policy this work offers discussion on the natural environment global coverage of issues research citations and statistical updates and an enhanced supplements package

this textbook provides a survey of sociology as the scientific study of society sociology is a social science which uses various methods of empirical investigation and critical analysis to develop a body of knowledge about human social activity it focuses on the influence of our relationships around us and how they affect our behaviors and attitudes the author approaches this subject with a desire to help students find and use sociology in everyday life

this is a splendidly fresh and clear account of the main political events in england between the norman conquest and king john s magna carta michael clanchy fba emeritus professor of medieval history at the institute of historical research university of london lucid and perceptive striking an effective balance between primary andsecondary authorities huscroft s book is both a significant statementin its own right and an ideal introduction to other work in the field professor david carpenter kings college london ruling england is about the exercise of political power in england at a time of formative change in the country s history framed at one end by the norman conquest and at another by magna carta it describes what happened why and with what consequences in politics government law and the church it analyses developments from a royal perspective and focuses on the policies and priorities of the english kings the limitations of the political system within which they operated and the efforts they made to expand their power it explains how the ruler of the most sophisticated kingdom in twelfth century europe was eventually compelled to submit to the humiliation

in society the basics 11th edition john j macionis shares his enthusiasm and teaching experience with a clear and engaging approach one of the best selling sociology textbooks of all time society the basics is designed to help students view their everyday lives through a sociological lens with a complete theoretical framework and a global perspective society offers students an accessible and relevant introduction to sociology books a la carte all of the same content as the comprehensive text in a convenient three hole punched loose leaf format at a discounted price

invitation to the sociology of international law aims to cast light on the under explored sociological dimension of international law the book emphasizes that international legal rules are profoundly embedded in diverse social factors and processes such as norms identity and collective memory thus international law often reflects and affects societal factors and processes in state societies and in the international community the book exposes some central tenets of the sociological perspective and its core theoretical approaches and presents a sociological analysis of several significant topics in present day international law the volume surveys subjects such as compliance international economic law legal fragmentation law making and the impartiality of adjudicators and reveals that a sociological analysis of international law enriches our understanding of social factors involved in the formation evolution and implementation of the law such analysis may not only explain past and present trends in international law but also bears significant implications for the interpretation of existing legal provisions as well as suggesting better legal mechanisms for coping with contemporary challenges in light of the underlying interrelationships between international law and other social factors this book invites international law specialists to analyse international legal rules in their wider social context and to incorporate sociological tools into mainstream international law scholarship

a very welcome volume of essays questioning the presumption of irreconcilable conflict between science and religion british journal for the history of science the conflict thesis the idea that an inevitable irreconcilable conflict exists between science and religion has long been part of the popular imagination the warfare between science and religion assembles a group of distinguished historians who explore the origin of the thesis its reception the responses it drew from various faith traditions and its continued prominence in public discourse several essays examine the personal circumstances and theological idiosyncrasies of important intellectuals including john william draper and andrew dickson white who through their polemical writings championed the conflict thesis relentlessly others consider what the thesis meant to different religious communities including evangelicals liberal protestants roman catholics eastern orthodox christians jews and muslims finally essays both historical and sociological explore the place of the conflict thesis in popular culture and intellectual discourse today based on original research and written in an accessible style the essays in the warfare between science and religion take an interdisciplinary approach to question the historical relationship between science and religion and bring much needed perspective to an often bitter controversy contributors include thomas h aechtner ronald a binzley john hedley brooke elaine
